

STRUCTURE OF APPLICATION - TRANSLATIONAL RESEARCH

The scheme below represents the structure to be followed for the application and lists all requested contents. It includes two parts regarding, respectively, the project and the team supposed to realise it. The lack or incompleteness of one of the sections can lead to inadmissibility of the proposal for formal reasons. The complete application should be no longer than 5 pages overall and should be written using an easily readable typeface (Arial, type size 11)

PART 1 - PROJECT PROPOSAL

A. Abstract (to be provided also in Italian)

B. Background and preliminary results

C. Aims D.

Project plan and eventual partners*

E. Expected results and contingency plans .

PART 2 - PROPONENT'S CV AND TEAM

Proponent's CV

A. Positions and Honors

list positions and Honors and describe positioning in the international research community

B. Publications

List your 5 most relevant publications in the last 5 years. Out of the 5 publications, at least one should include an international scientist in the authors' list. Provide the impact factor for each publication. Indicate the following numbers: your total number of publications and h-index your total number of publications in the last 5 years and their average impact factor.
